

## AM-TIN & AM-TILE

The AM-TIN and the AM-TILE are adjustable tripod roof mounts. They are hot dip galvanised to enhance their resistance against rusting. Both mounts are supplied with a 1.2m mast with black plastic end cap which is also hot dip galvanised. The mounts also come with assembly hardware such as nuts and bolts and a u-bolt. They are available in the following styles:

AM-TIN—designed for use on TIN roof

AM-TILE—designed for use on TILE roof

***“Hot dip galvanised TIN  
and TILE roof mounts with  
mast and hardware”***
